The Story:

Having known Suzie for over a year now and spent many wonderful hours with her, I thought I must book her for a full overnight.

Suzie is extremely professional yet down to earth and it never feels like just another escort date. Every encounter is different and it's always special. Suzie always arrives on time and is never a clock-watcher, a date with Suzie is relaxed yet full of fun.

As well as her sexual repertoire which is just mind-blowing and not to be missed, she is fantastic company in any surrounding, she is an excellent communicator and can hold a conversation on any subject.

Our overnight started with some pre-dinner fun which certainly gave me a huge appetite. During dinner there was lots of conversation on numerous subjects and plenty of laughter. After dinner we went back to the room for another energetic sexual encounter, before falling asleep. The date concluded with some early morning fun and then breakfast.

By far this was the best overnight I've ever had and Suzie is one of the best escorts any punter could wish to meet.
