The Premises:

Pretty safe. On street parking at rear. No problem at all.

The Lady:

Dusky dark haired maiden in her late 30' or maybe early 40's. Very slim. Probably about 5'8" tall. Not big chested but a nice bushy fanny (get really fed up with all the bald cunt around these days)

The Story:

Second time this month with Eva and she said I was her third fuck of the day. No kissing, OWO, or RO, but likes her cunt fingered and really clamps hard when you get two fingers up to the knuckle inside her. Seemed to enjoy giving me covered oral (well made quite a few appreciative noises anyway) then fucked her in mish and got turned on by her getting turned on at the sight of my cock thrusting in and out of her. A great girl and superb VFM. She only works Wednesdays - go fuck her guys.
