### The Premises:

Pampers is an anonymous shop in the village of West Horndon, situated next to a cafe and near the station. Feels safe and discrete, even when cafe is open. Buzzer entry does mean you are standing in the street for a few moments, but you usually don't see anyone.

Inside was refurbished last year, with a decent sized vip room containing a large massage table, slightly smaller than a double bed. You pay ?20 to the maid for the room then you pay the girl for the massage.

### The Lady:

Leanne is an attractive girl from Mauritius, described as late 20s though I would say slightly older, and with coffee coloured skin. She is very petite with shoulder length dark hair, and also slim and toned. Perfect English.

### The Story:

Had an enjoyable punt with Leanne. Started with the usual massage, with Leanne rubbing her boobs down my back and tickling my balls.

I turned over and she asked if I wanted kissing. Too right!! She kissed well, mainly around my top lip, and also licked my nipples as I requested. Her boobs are a nice size, and she allowed me to lick her nipples too.

I went for a full personal, but didn't think I could take much oral so went straight for sex. I got on top and soon shot into the condom.

All in all a good punt, though there were a couple of bad points. Leanne did keep her knickers on until we were ready for sex, unlike most girls who take them off at the start of a punt. Also she did position her body so it was not easy to suck her nipples or touch her very intimately.

Unfortunately I did see the other girl before I saw Leanne, and to be honest I would have chosen her first but she was about to go in with another client, so perhaps that slightly spoiled the punt, although that of course was not Leanne's fault.

Perhaps because of the bad points mentioned above, I don't think I would see her again.
