The Premises:

Small flat above shops, but entrance is via a gates side entrance with a rather curious system of being met outside a local pub. Bedroom was clean and fit for purpose with a clean bathroom if required. I parked nearby in the same road as Cynthia Payne's old establishment, where despite being a Red route parking is free. On plenty of bus routes, but don't ask me which ones, I try not to do buses!

The Lady:

Nicely formed girl from Singapore in her early 20's. Modest breasts but with beautiful "organ-stop" nipples. Nicely trimmed bush. Good English and a friendly and accommodating nature. I don't think that the picture on the Ace massage website is of the girl I saw, but I still found Isabella attractive.

The Story:

Good "O" levels albeit covered. I first fingered her clitty and then used my tongue down below to her obvious pleasure. There was definitely no need for any extra lubrication when I slipped into her, first on her back with her ankles up round her neck and then in doggy where I pumped away to a very satisfying climax.
