The Premises:

Reasonably safe area outside a small, busy industrial estate. The house felt grubby as did the bed. The bedroom was the only room in the house with furniture; a bed and a wardrobe. All the areas I walked through to the bedroom looked virtually derelict. Little bit nervous that there may have been a "pimp" somewhere and possibly a tall one!

The Lady:

This girl is the one in the photos on ** but boy, isn't Photoshop an amazing thing. I was very shocked at the reality and almost left but I had been unable to attend/meet another girl in town twice in one week so...

The Story:

Anal was on offer but I declined. Just 69 and sex. I went around twice but it was more or less a glorified wank all round to be honest. The second sesh became very boring in the end so I wanked myself off into her mouth. Jessica is a nice enough girl and quite funny in a way, if you got to know her outside of the business I'm sure she'd be a great laugh but she's no oil painting. I wish the photos were more honest, I wouldn't have wasted the money.
