### The Story:

As soon as i met Lilian i new i was in for a good punt. She had that little twinkle in her eye which suggested that she was a little bit naughty, and i wasn't disappointed.

She helped me to undress and got me to lie down, and started to gently caress my body. This certainly got me aroused and i was soon starting to kiss and caress her body in return. I then moved down and started R.O. until she came (i think/hope/wish). It was then on with the rubber where are started to fuck her in mish, i did this for a while before changing to doggie, then cowgirl and back to doggie when i came. We lay there for a while chatting until i was ready for round two.

All in all a great unhurried punt!
