The Premises:

Brooklyns seems to have had a bit of makeover since I was last here about 18 months ago, area fine

The Lady:

Trinity is a fairly petite dark haired girl, a few too many (rather tasteless imho)tatoos, described on the site as 21, She however claims to have been working for 8 or 9 years! Why do they have to do this?

The Story:

After paying the receptionist I went into the room and showered, Trinity appeared during the shower so no long wait which made a nice change. I was invited to lie down for a massage, this lasted about a minute and I was then turned over and she started pulling on my poor dick in a manner that was both too rough and fast. Was about to ask her to slow down when the cap went on and she proceeded to blow me. another 60 seconds of this and then the question about "which way do you want me?" A few minutes doggy followed by missionary where she looked out the (curtained) window and I started to feel a bit of a spare part. Managed to finish by hand in the end and back in the the shower. Shower to shower was about 15 minutes at a guess.
