The Lady:

not pretty,dressed very down market,my first instinct was,she is not much of a turn on,but what the hell she is here.

The Story:

angel was late arriving,she blamed the traffic.i had reception problems with my mobile and had ended up outside near the car park.she arrived at the car park enterance about 100 metres away and walked down to meet me,we then proceeded back to the hotel entrance,before we arrived she said she needed paid,to give the money to "security" i did not think and paid her,she said she had to take it to the car,if i would wait inside the hotel,you are now thinking this guy is an idiot,affraid it took me 5 minutes to realize it,she did a runner.I can think of it as a bit amusing,angel and her partner in crime driving into the sunset in an m reg nissan micra.hardly bonnie and clyde. This girls is a tramp and common thief.
