The Premises:

Clean, modern apartment in the City Centre. Easy to locate and to find parking.

The Lady:

Unusually her pictures make her look older than she actually looks. Very pretty with a striking figure. Probably the first time I have ever felt "wow" when meeting a girl for the first time (I am ridiculously fussy).

The Story:

I have never before taken the trouble to post a Field Report, so this may give you an early indication as to how exceptional Helen is.

Right from the first minute until the last (and she ensured I got to the last lol) Helen was attentive, fun and utterly charming.

My personal pleasure is OWO and, although I appreciate everyone is different, the way Helen performed this was the best I have ever experienced and not by a short margin either.

I am not local to the area, so spent plenty of time researching the (very many) girls in the area. Helen commented that she was flattered that I chose to visit her, but in truth I probably used all my luck up finding this diamond.

If your are currently reading this along with other MK girls FR's with a view to choosing one, then do yourself a favour. Stop reading them now, pick up the phone and make an appointment to see Helen. You can thank me later.
