The Premises:

Generally clean and tidy, except for the condom (used or unused I couldn't say) on the floor which I nearly stepped back into as I took off my jeans. Nice!

The Lady:

Facially she resembles her website photos but I have to be honest that's where it ends, I was expecting her to be a size 8 as advertised on her profile, this was to my disappointment definitely not the case. Her age I would think is within the usual tolerances you get with these profile descriptions.

The Story:

Apart from the disparity between her advertised and actual size (closer to 12) I found her to be a very pleasant girl, started with a massage, then to oral (without) and crossed the finish line in cowgirl.

Whilst Karolina was willing and nice to be with for the 30 mins I am not recommending her simply because I felt misled by her profile.
