The Story:

This was a horrible experience. Seemed like a sweet girl when I first met her, and was Nice enough until money changed hands, but then she started to be pretty dour and miserable.

Was OK for the first session, but minimal OWO, started to Complain about being on top, working 8-hour days, and complaining about the agency.

First session followed by a half hearted massage with mostly sulking silence and more complaints. French kissing was non-existent. Tried to relax her and cheer her up but nothing was working.

Wanted to get the hell out of there, so initiated round 2 - OWO no longer on menu, only with Condom. She complained about being on top and didn't want to be there - wanted me to finish and leave. Very uncomfortable! Finished and left 10 minutes early.

Tried calling the agency to tell them about bad experience - they told me they didn't know who I was, that they would take her word over mine, that it was private between me and her. No great surprise, but obviously no satisfaction there! Didn't waste more time arguing...

What a waste of time & money - there are much better agencies out there, hot collection etc or kisskiss massage. I rarely make a review, but on this occasion thought you should all know to steer clear! Avoid.
