The Story:

She was on my wanted list and i had been hoping and trying to meet her for a while but lack of time prevented. decription pretty much as her website sexy-rihanna.. went with high hopes but this was one of my worst punts ever... she writes a good story about herself on her web and on the aw site but not a good one for...

shes was very hard to touch,no french kissing and pretty much on with the rubber when i was hard.she kept her legs tight when some oral was given,only wanted you to touch what she wanted.reverse oral i could hardly slip the tongue cause she would not open up.. and as for the sex well i did manage to enter but again she kept her legs kinda tight so no maximum penetration could be achieved no matter what position i tried.she likes to hold your cock tight when penetrating her probaly to stop you going fully in and too hopefully make u cum quick..in the end i gave up and decide to cum over her breasts,which im surprised she let me

maybe it was me,not this time i know as ive had some good punts recently and defionatly a huge let down for me..
