The Premises:

Modern apartment complex just a few paces away from the car park which is nice. No prying eyes etc or neighbours getting a shit on. All in all a good location really.

The Lady:

There are stunners and there is Kitty. She is jaw droppingly beautiful. Other reports have mentioned classic beauty, English rose etc and I couldn't agree more. Been meaning to see her after seeing her killer smile in her photos. She really is a head turner and tall as well lol.

The Story:

HOLY SHIIITTT!!!! What an afternoon and so glad I took the afternoon off.

I'm gonna keep this short. All other reports are true she really does give a top service and I must admit one of the best I've experienced in a long time especially down south. There are other girls who are fantastic but there others who tick all the boxes who you just want to again and again and Kitty, well, she's top marks guys.

If you're in two minds of whether to see her just bite the bullet, close down your web browser (delete history of course), put your skates on and wing your way over there cause her owo is like WOW!

Best start getting my expenses in cause I'm definetly gonna see her again.
