### The Premises:

Nice clean flat in the centre of Milton Keynes, loads of other people and vehicles around, so you just blend in with everyone else.

### The Lady:

This girl is an example of flawless natural beauty. She was running a little late, so apologised to me for not having applied any make-up. But to be honest, I don't care much for too much slap, so suited me fine. Also, she has an amazing body and her accent..... mmmm, delish!

### The Story:

In she came, and started chatting away in her gorgeous accent (she is Italian/Dutch). She started with a massage, and she has plenty of strength in her girly hands and arms which means my big muscular body could actually feel it! She progressed to covered oral, which was delightful, and I could have happily spent the remaining time receiving that. But once I saw that pretty pussy of hers I had no choice but to get my mouth on the case ;o) Not only did her pussy taste great, it was so tight that I went off like an atom bomb very quickly (in doggy style, my fav!). All in all, about 22 minutes is my estimate to fit all of that action in! If you don't visit this hottie then you are a looney!
