The Lady:

Sexy, pretty eastern European. Quite short but stunning eyes and face. Lovely and curvy with nice arse and full tits. The real deal!

The Story:

As ever on picking a London escort, I find myself pouring over websites and photos for the best option, and dreading the hour up to the meet that I've picked a wrong-in. Not this time!

Victoria was new to the agency when I met her and I have only just got round to the review.

Firstly she is the girl in the pictures and she is very sexy.

She came dressed in tight black designer jeans, and a little jacket. All with a very cheeky smile!

I barely had handed the money across and the little slut was on me, pushing me back on the bed and grabbing at my cock through my jeans.

I sat up and asked her to kneel at the foot of the bed as I yanked my hard cock out and stuck it down her throat. She gagged, but looked up and smiled, and not for the first time said, "this is a fucking good cock and I'm going to suck it."

She then proceeded to expertly administer the OWO. Licking the shaft, the sides, looking up and taking it fully into her wanting mouth. I held her head at certain points and her hair, tugging her gently onto me.

I then laid back and spread my legs wide, pulling them up so she could devour my balls. She slobbered and dribbled onto them, licking upwards to my shaft, maintaining dirty eye-contact all the time.

All this time, her sweet perfume and lovely blonde hair was wafting across me. She really is nice looking and is a great little package !!!!

Eventually it was all too much and I exploded over her juicy tits. She was as willing and sexy as ever throughout.

Not long until round two which involved her on all fours on the bed, still with her jeans on and me running my hands round her tight whore's arse as she turned round and smiled at me, knowingly. From this angle, she was absolutely amazing. She kept her slutty high heels on throughout as well, which I always like.

I pulled the jeans off and buried my face in the sweetest pussy as she gasped. Lovely clit and nice puckered arsehole which I rimmed continuously while she moaned on the bed.

I then moved to flip her over, straddled her and shoved my cock into her wet mouth again - her looking up at me and drooling over the end of my throbbing cock.

Another robust and dirty blowjob, ending with me shooting across her tits for the 2nd time.

I didn't fuck her, but I reckon it would be good.

I have seen Victoria since with another girl for a two-some, and that didn't work so well - not Victoria's fault at all I would add, but the other girl who in time-honoured two-girl tradition, largely ignored me and spoke in another language to Victoria throughout which was annoying and detracted from the whole thing.

Go and see Victoria her own lads, she is fucking fit and its an immense blow-job I can tell you!!!!
