The Premises:

About five minutes walk from either Bayswater or Queensway tube stations. I didn't see much of the flat but the bathroom and massage room were clean.

The Lady:

I'd say she's early 20s, black hair and three tattoos. She looks slimmer and prettier in the flesh than on her site. Definitely attractive, especially for those of us who like a slight Goth look. A soft American accent adds to the appeal.

She wore a cute black top and short skirt and hold ups.

The Story:

Madison provides a sensual massage ending in hand relief or covered oral. She's up front about there being no kissing or full service but welcomes being touched.

She also does BDSM but that's not for me. While massaging me, she asked if I liked anything 'kinky'. I mentioned prostate massage and she said she be happy to oblige.

She gave me a decent back, shoulder and leg massage with plenty of attention to my buttocks and then invited me to turn over. I opted for hand relief and it was done well, in combination with the prostate massage. She put on a medical glove for the prostate massage and used plenty of lubricant.

Madison can chat for the USA but does ask if you'd prefer her to be quiet. I can chat for England so I was happy for us to natter away.

There was the option of a shower but I declined.
