The Premises:

Danielle called me while en route to ask me to ring her back upon arrival and she would come down and open the door. I was standing in the street for what seemed like ages. I couldn't have been more conspicuous if I had my trousers round my ankles and my lad in my hand ready to go. Once inside, the flat itself felt very homely and welcoming.

The Lady:

Average good looks. I'd say about 25. She looked great in jeans when she opened the door. Great hips, well proportioned. Her gums were slightly black and there was a hint of ciggie on her breath, well disguised by a cherry tasting sweet. Lovely dark hair, full lips and dark blue eyes. Her breasts sagged a bit but oh! the nipples. I bet you couldn't put one of those in your mouth without chewing.

The Story:

After perusing the agencies online I set off to the Paddington area and called Aurum with a view to visiting Electra. They said she was busy but Danielle was available. I couldn't recall her name from any site I had viewed but thought what the hey. Afterwards I looked at the website and she looks nothing like the photos. As mentioned previously Danielle's eyes are dark blue. Her face is long rather than round as the website would have you believe.

Anyway onto the juicy stuff. Danielle is easily the best kisser out of all the WGs I have visited. And she likes plenty of fucking with loads of eye contact. Also she is not a clock watcher. I came for the second time on the hour but I am sure we would have let me continue till i shot my load.

Danielle is a lovely girl and the time spent with her felt very natural. Word of warning she doesn't do CIM and she doesn't like having her arse slapped. It says on the website that A-levels are an extra fifty but I didn't ask for that. Maybe next time.
