The Story:

The worst punt I have ever had! I don't punt often and report even less frequently, but this was such a miserable experience I had to get it down in writing.

Gizelle is undeniably a good looking girl, but this is more than made up for by her absolutely lousy attitude to the job. Started off fine, just a little distant, but handed over the money anyway (she was good looking) and went to have a shower. Got back to the room and we started to kiss standing up. Immediately Gizelle pulled away making a face...I needed a breath mint she said, well OK, I'd been drinking coffee earlier so maybe I did, breath mint dutifully chewed and we retired to the bed. Some fondling ensued with Gizelle stroking my cock, but still very reluctant to kiss (one of my fav activities and one of the main reasons I'd booked her, certainly never had any complaints before).

After a few minutes, and only after I asked her to, Gizelle moved south for an uncovered BJ. She gave my dick a good going over with the wet wipes and then moved to take me in her mouth. She never got that far though, coming straight back up and saying 'are you sure you had a shower'!!

At this point the lack of interaction and her constant complaints about personal hygiene got the better of me and I decided to leave.

This girl is one of the most miserable escorts I have ever seen and at that price there are huge numbers of infinitely more enthusiastic girls out there. I don't know maybe I caught her on a bad day, but for me there was absolutely no interest or willingness to engage, which is the whole reason for visiting an escort otherwise I could sit at home and watch porn for free.

For the record, my personal hygiene is excellent, despite the coffee breath, and I have certainly

never had anyone complain before.
