The Premises:

Very nice apartment in new luxury development next to South Quay station. Very safe and secure - only slight fly in the ointment is that it's a concierge-served building and he insists on taking your name and ringing ahead. Astonishing views of London from her balcony.

The Lady:

Slim Chinese girl in her mid-30s. Not a stunner but a lovely (and very ready) smile and a dancer's body. Small tits with very responsive little nipples and a semi-shaved bush. Jennifer is intelligent with pretty good English, and very chatty.

The Story:

I visited Jennifer after suddenly finding myself at a loose end in work and picking a girl from the other site almost at random - she had no problems at all with the short notice and was friendly and chatty on the phone.

After getting past the bloody concierge - who gave no hint he knew what was going on at least - I was greeted at her apartment door by Jennifer in very nice lingerie and heels. After a quick chat (she's just moved to this apartment and had had problems with just about every moment of the process) she offered me my choice of tea, beer, or a soft drink, we sorted out the money, and got down to it. That sounds a bit abrupt and cold I realise, but it was all done very naturally and almost before I knew what was going on, we were in a passionate embrace.

What followed was a genuine GFE - a long, passionate kissing session as we undressed each other, followed by OWO, reverse oral, and sex in a variety of positions.

Jennifer certainly throws herself into her work and gleefully responded to each new position I suggested. Round one ended and I was absolutely knackered from those exertions and after cleaning me up and quite tenderly towelling me down she suggested a massage, which I gratefully accepted. We chatted as easily as old friends as she administered this and when she flipped me over and started a slow gentle HJ I realised I was more than ready for round 2 - this she started by grinding her pubes into my cock, a new and surprisingly erotic sensation, accompanied with more gentle kissing and a slow buildup to an amazing oral session with me finishing in her mouth.

We still had time left at the end and so just fell to chatting while lying in each others arms before we both realised we'd gone on quite a bit past the end of the allotted time - definitely no clockwatching anywhere here...

All in all a fantastic punt, even though my joints were aching the next day :)
