The Story:

After a drink and chat we got down to business. After some enjoyable kissing with tongue she went down on me for a great owo. What talented lips, went back and forth with a wet tongue for quite some time. Moved to oral on her which she enjoyed but it was work finding her clit, and she come. More bbbj, rim and on with the hood for mish and doggie. Nice and tight. Used up the whole hour and finally came in her mouth and she dribbled it out per my instructions. Very hot. An absolute winner with technique and admitted she does better the more you are turned on, which I validated. You can't beat that! A pleaser all the way, but please do treat her with respect as she sees what she does as completely natural (Larissa defines girlfriend experience for me)
