The Premises:

Small but comfortable & clean flat. You have to phone when you are outside and she comes down & opens the front door. Clean bathroom but no hot water supply to the basin. Plenty of street parking, some is free up to one hour but most is ?3-40 per hour, pay & display. Exactly mid way between Oval & Stockwell tube stations. Very close to bus routes.

The Lady:

Mid twenties white girl, not particularly pretty but with an impressive pair of 36JJ all-natural hooters. Verging on the BBW but not particularly beautiful and sizewise only borderline BBW apart from her bazookers! Reasonably friendly nature, but I got the impression that she was very much in this for the money.

The Story:

A rather disappointing session despite her impressive frontage. She is listed on the other site but as is often the case the services listed there are not in practice on offer. In Jess' case there was no DFK and no OWO on offer, although her covered O was above average.

After some titty juggling we had sex in two positions, but all the time she was complaining about back pain caused by her (not that big!) Bristols and mostly had a pained expression on her face.

But worse was to come! When she knelt on the edge of the bed for doggy a very unpleasant smell arose from her nether regions. After the session I only saw her clean herself up with wet wipes despite a power-shower in the bathroom.

In conclusion, if your wont is some titty juggling and relief between her magnificent mammaries you might find her a worthwhile albeit somewhat expensive punt, but for other services definitely not recommended!
