### The Lady:

Sophia is not your typical skinny flat chested Thai girl. Sophia is a small, busty Thai lady in her twenties, with some womanly curves. She appears younger than her photos would suggest.

### The Story:

I skipped the massage and went for the main event. Started with some light kissing and then covered oral. I Had a suck on her lovely full boobs before asking her to go on top. She really did it for me because I was coming in next to no time.

Sophia is a bit reserved, owo does not seem to be on offer (not that this worries me too much), but she only kisses lightly. I would prefer more of a full on snog. This was my first visit and I hope she'll be less reserved next time. I will definitely be back for more.

Genuine girls in this area are few and far between, so Sophia is a bit of a find for me.
