The Story:

I chose Michelle over Serena and I think I made a mistake. Don't get me wrong there was nothing bad about my punt but then again nothing to write home about either. Michelle's personality won me over and I feel bad about not saying glowing things about her other than her warm, charming chat. When she took off her bra I was upset there wasn't more up top. This girl would just about struggle to fill an A cup bra. I was conned by the most deceptive padded bra - schoolboy error. I stayed positive as I thought she might suck cock for the Czech Republic if not for England - sadly not. Her mouth barely touched the sides of my cock... you've seen the Chris Rock sketch... well it wasn't that bad but disappointing. If I'm gonna pay an extra tenner for OWO I want a good blow job. Michelle welcomed my tongue on her clit and made her come with slipping in any fingers... was told not to, for f*** sake. Wearing a condom I came inside her. This was good, very good in fact as I recall so this was positive. We were kissing more especially as I pleased her. This was not rushed at all and if you're a man who likes fucking more than good oral she's your girl. One last thing, her pussy smelled good. The perfume was not overpowering, enough to make me wanna lick away.

Serena can't wait to see you
