The Premises:

Flat in modern block just back from the main road. Easy to find. Flat was clean. Bedroom tidy with oriental music plying in background.

The Lady:

Chinese girl, about 5 foot 8 with long dark hair. Did not look too special when she answered door in tracksuit bottoms and tee-shirt, but what a pleasant transformation when she undressed! Her English is not great but she is a pleasant girl.

The Story:

Started with massage with lots of light nail use on my balls, which got me turned on. Then covered oral. I normally prefer uncovered but for ?80 this is a no go. However, Sisi had excellent technique. I then asked if I could return the oral favour and she agreed. Gave her a really good licking, sucking and nibbling. She was very enthusiastic about this and I could taste her cum. When I finished she thanked me and told me she had cum. She then gave me more oral, which included some rimming and ball-sucking. I then climbed on top and gave her a good hard fuck, with her quickly putting her legs over my shoulders. We finished with her giving me another massage. All in all, excellent value for ?80.

One word of warning - I have visited this establishment before and different girls have been on. Some of these are below par. However, sometimes I like taking the gamble and with Sisi it really paid off.
