### The Premises:

busy parlour on a main road, was clean and tidy and having some painting going on as I left. The only negative for me was that I could only get cold water out of the shower!!

### The Lady:

Sienna is a little shorter than the 5'5" stated on the web site, slim without being under weight, perfectly sized natural breasts for her build, incredibly cute bottom and a very pretty face. I would say she's in her twenties, but I'm useless at guessing ages, so I could be out. In fact she's not far off being the perfect woman for me.

### The Story:

The web site described her as "Sienna is bubbly and a lot of fun, yet sensual and sexual in her service" and I thought another parlour exaggeration, but hopefully not too much of one.

Then Sienna entered the room and I introduced myself at which point she grabbed me and we started kissing, then on to the bed and a massage which was above average. Without going into too much detail suffice to say the start was typical of the quality of this punt. Oral was good (OWO was offered but I foolishly declined), sex was enthusiastic (with the added bonus of a birds I view of her bum) and she was attentive and considerate throughout.

The above quote from the parlour summed Sienna up perfectly and indeed the session was "pleasurable and memorable", as the web site also says.

The only negative for me was that she told me she doesn't work regular days, but at least my bank manager will be happy!!!

When I told her how attractive I found her she blushed and said that I was making her head big, well Sienna, if you read this don't blush it's true.
