The Premises:

Anonymous type top floor flat in large block. Keypad entry. Tomtom found the location OK but struggled to get out again, went round 3 times. Area is OK, I left my key in the car and it was still there when I got back, lol

The Lady:

Slim athletic mature lady with brown hair. No body fat to speak of, very fit, large firm boobs.

We actually arrived at the same time, I guessed this lady with the pink shoes and fit bum might be my date but let her enter the building unmolested.

The Story:

We had a joke about the arrival thing after I was let in and had a break the ice kind of chat and a drink before moving to the bedroom. Apart from any bedroom-related skills Rhiannon was very friendly and relaxed, she is intelligent and well-travelled so spending those in between moments was not at all awkward. When we got down to the action, she kissed beautifully, and enjoyed giving as well as receiving (did I get that the right way round??). She was light enough for me to pick her up and carry her round the flat, impaled on you know what, and athletic enough to do a variety of positions including a very nice cowgirl squat. She can do that for me anytime.

Funny thing, I prefer indies as a rule, but every one in Leeds was not only booked the afternoon I tried them but days ahead as well, so agencies do have their uses..a bit of persistence was needed with the agency from the answering point, and then it was over 25 or under 25 sir? Really? They all want 18 year olds. Really, they must be mad.
