The Premises:

Fairly modern basic flat within easy walking distance from the city centre, with a good safe public car park nearby. Clean but a little untidy. Had a little problem with directions so make sure you write them down carefully - it's easy to confuse two similar looking entrances.

The Lady:

Slim, blonde, mid-20s - around 5' 7" and size 10. The description and pictures on the website are accurate.

The Story:

Was offered a drink on arrival and was shown straight to the bedroom. I was offered a massage which I took, which was (in my limited experience) pretty good. Had some limited 'ice breaking' conversation during the massage.

Brooke turned me over and kissed me for a little bit (tongues included) before starting OWO which was definitely above average, including sucking my balls. She surprised me by starting rimming me - I'd not asked for this but it was excellent and got me extremely aroused.

She put a condom on me and moved on top of me for a short while, then we moved to doggy. I didn't last long at all (quite unusual for me) and had a more intense orgasm than usual which is probably due to her foreplay skills.

It was still fairly early at this point but I was offered a shower which I accepted, and then we chatted for a little while and then I left. I paid for an hour but left early, but definitely satisfied, and suspect I will be returning!
