The Story:

For me there are two girls in Soho if not the world that I would revisit time and time again until i was 60 years old. Sandy is one of those girls. She is so friendly, so much fun and sucks cock like her life depends on it. She licks and bites my nipples like nobody else. Her rimming is like a starving animal. Her nipples are responsive and tits very soft. She lets me suck her till she levitates of the bed. We know each others body well after years of fun. A must for any punter
