The Premises:

Clean Basement flat in side road near to bus routes and train station. I was lucky to park just down the street but another time could be difficult. Bedroom is small, but fit for purpose with a rather silly double bed with a canopy. Lots of pictures on the walls of naked women, she males and erect men!

The Lady:

Very tall and leggy black amazonian woman in her mid to late 30's. Would have been a real stunner in her 20's, but she is still very desirable. Two nice handfulls of bosom with organ stop nipples. Nice curvaceous and smackable backside and nicely furry pussy. Friendly and accomodating nature. Fees start at ?30, I paid her ?60 which was supposed to cover "all services" for 30 minutes

The Story:

After paying her the money I undressed and Naomi returned to the room asking if I would like her to undress, Yes please! She disrobed to reveal those organ stop nipples and furry pussy but also that she was carrying a little excess weight around her midrift.

We had plenty of foreplay with Naomi paying plenty of attention to all the requested bits! I did find her rather passive having to ask her for all my wonts.

We started off full sex with Naomi on top demonstrating how well she could flex her pussy muscles to massage Mr Pecker. We then moved on to doggy where I pumped away at that curvaceous posterior taking a satisfyingly long time to reach a good climax.

I will recommend Naomi, my only reservations being that although "all services" were said to be on offer, her "O" levels were covered and "A" levels would have been at extra cost.
