The Story:

I met Kinkster in her room and was offered a drink got the money side of things out of the way before I had a shower, after which we had a chat then got down to business with her getting undressed the playing and sucking my cock and balls while I stroked her shaven haven, then it was her turn to receive oral which she was enjoying so much she came twice (the second time with my finger in her tight ass). Then it was time to get suited up and just before I entered her very wet and tight pussy she said "no I want it in my ass" well how could I refuse a goddess? Her ass is extremely tight and feels wonderful and she kept asking me to fuck her harder as she was cumming again at which point I was very near myself and when I told her she said "I want to feel you cum up my ass" so I did. After about 5 mins I pulled out, removed the condom and we got ourself's cleaned up and had another chat before I had to go.

I can't wait for the next time
