5ft 4in slim blonde, nice body, 36D plastic boobs

The Story:

Went into the place and was greeted by a pleasant woman, taken into the lounge and introduced to Louise, who was the only person in the room, so I choose her (rather choosing nobody and going for a wank!!)

I went into the room and got myself sorted - there wasn't anywhere to hang up clothes and so I had to put them on top of the loo (not brill). I was offered a massage with talc or oil and choose talc. I received a very ordinary rub down, not really paying much attention to the vital areas, whilst also positioning her self to not really allow any exploration of her body

she asked which position I'd like her in, and I said on top so that I could finally get to play with those boobs. We had a nice enough session, but nothing to write home about (as if I would write home about it, I'm sure the wife would love to read about it!!!)

In summary, not an unpleasant experience, but very ordinary, although the girl herself was a very nice person and pleasant.

This town needs another parlour or a few more independants , to increase competition and thus bring standards up .
